

Riverdale District Health Auxiliary Legacy Health Fund

This Legacy Fund is a lasting tribute to the work and commitment of all the members of the Riverdale District Health Auxiliary over its 65 years. It was started in 1959, with the building of the then new hospital. This fund is a donor advised fund where past members of the RDHA will advise which yearly grant applications for this fund fall into the categories of “health” . This would be for the betterment of the comfort and health of our patients, staff of the Riverdale Health Centre and the community of the municipality of Riverdale. The named Donors shall be responsible for choosing the grant application that best reflects the intention of this fund. If no donors are representing the RDHA then the application will be chosen by the Board. Further, once a year, the Foundation will provide a \$1,000.00 scholarship for students entering the medical field from Rivers Collegiate. The students receiving the scholarship will be chosen by the Principal and Staff of Rivers Collegiate.
