

Tiger Hills Community Foundation Annual
Granting Guidelines
Spring 2025

Annually the Tiger Hills Community Foundation is able to grant an allotted maximum amount of funding based on our Foundation's asset size and its earnings. The assets of the THCF are currently at \$2.4 million thanks to the generosity of donors who have invested in the future of the area. Thus, we are able to grant \$93,000 for Spring 2025.

The funds are granted are to be used on initiatives within the Tiger Hills Community Foundation's area of operation which is the Municipality of Norfolk Treherne. Consideration is given to projects that will have a lasting presence in the community and will enrich the quality of life in the area. The project is to be for capital improvements and may not be for operating expenses. Some examples of projects that could be eligible, but not limited to, include:

- Amenities for a public space (park bench, bike racks, public art, etc.)
- Equipment for a community space (community centre, medical facility, shared living complex, sport facilities etc.)
- Revitalization of something with historical significance (statue, building, etc.)

The funded project must be carried out by a Canadian "qualified donee". Examples include:

- Registered charity
- Non-Profit Organization
- Municipal/School Division/Hospital organization

The community foundation will:

- Administer the applications received by **March 31, 2025**
- Select projects that meet the Annual Granting Guidelines and notify successful applicants in April
- Reimburse the funds to the project recipient upon submission of expenses related to the project within 2 years of being awarded.

An application form for Annual Spring Granting is available on line in a fillable format at www.endowmanitoba.ca or by contacting one of the Board members listed below. Eligible applicants must apply to the Tiger Hills Community Foundation **by March 31, 2025**
